FLEMING'S FLOWER FIELDS  
Growers and Hybridizers of Fine Perennials  
3100 Leighton Ave. Lincoln 3, Nebraska

### 1957 SPRING TRADE LIST

Those of you that have been receiving our lists previously have learned to expect them to contain a top notch assortment of perennials. We have strived to again assemble this sort of collection. Included are several brand new introductions which are Fleming "exclusives". We wish to thank most sincerely, our customers and friends for their continued patronage and interest. We will do our utmost to warrant your loyalty.

### "MODERN MUMS FOR 1957"

DUNESAND (University of Nebraska - Glenn Viehmeyer) An extremely vigorous grower producing myriads of 2-2½" double flowers in clusters on long stems. The color is an unusual one, which blends with any tone, being a soft fawn yellow. Strong, upright 30-36" plants. Early mid-season.

GOLD RIBBON (Uni. of Nebr. - Viehmeyer) A splendid new cushion variety which derives its name from the appearance created when planted in a row along a border or driveway. Plants 12-15" high and 20-24" across are covered with very double deep gold to light orange flowers with darker centers.

GOLDEN NUGGET (Fleming) A seedling of "Copper 'n' Gold" with neat mound-like habit. Compact 12-15" plants and up to 30" across are smothered with fully double amber-gold flowers. Blooms from Sept. 20th on. Quantity limited this year.

LOVELY LASS (Fleming) Symmetrical 12-15" bushy plants covered with fully double orchid lavender flowers. A splendid new cushion with a color which blends well with other colors.

PRAIRIE SUNSHINE (Viehmeyer - Uni. of Nebr.) A truly spectacular variety which promises to be one of best early sorts. Huge mound-shaped plants 24" high and 36" across with fully double bright yellow 3-4" flowers are a sight to behold. Blooms from early season to late. Quantity very limited.

TINY RUBIES (Fleming) Hundreds of 1" stiff textured glowing ruby red daisies with glistening gold centers completely blanket sturdy globular plants 10-12" high and up to 26" across.

This variety is well adapted for use as a pot plant for sale in flower shops. Lincoln and Omaha florists to whom it has been offered as pot plant have liked it very much.

ROOTED CUTTINGS OF THE ABOVE SIX SORTS - \$1.80 per 10,  
\$15.00 per 100.

#### Fleming Introductions

COPPER 'N' GOLD (Donaldson - Fleming) Attractive, close-knit 10-12" plants which spread up to 30" across, covered with blooms till killing frosts. The buds are a glowing orange-red which open to bright golden flowers with darker centers. Cooler weather causes flower to take on coppery hues. This variety continues to be a cross-country favorite.

Rooted Cuttings \$1.00 per 10, \$8.00 per 100.

FLEMING'S FIREBIRD (New, 1956) Solid, fully double three inch flowers of a bright fiery red-bronze shade with rusty-bronze reverse cover attractive 15-18" upright plants from early Fall on. During its years of trial it never failed to bloom among the very earliest of all mums.

Rooted cuttings \$1.40 per 10, \$12.00 per 100.

PUMPKIN POM (1955) Glistening pumpkin-orange 2-3" fully double flowers on strong upright 26-30" plants. An excellent, extremely frost tolerant cut flower variety.

Rooted cuttings \$1.00 per 10, \$8.00 per 100.

#### University of Nebraska Introductions (Viehmeyer)

KIOWA (1955) Long stemmed, heavy clusters of bright orange-red pompons borne in profusion beginning in late September on 30" plants. Flowers are very frost tolerant. Beautiful dark green foliage. Excellent for cutting. Rooted cuttings - \$1.10/10, \$9.00/100.

LESHARA - Sprays of mulberry red flowers with old rose over-tones. An excellent cut flower which is extremely frost and freeze tolerant. Late September.

Rooted cuttings \$0.85 per 10, \$7.00 per 100.

WHITE CLOUD - Fully double 3-5" flowers of pure white with creamy centers produced in profusion on 28-36" plants. Acclaimed by mum growers across the country as the best early white garden and cut flower mum. Early September.

Rooted cuttings \$0.85 per 10, \$7.00 per 100.

## GENERAL LIST OF "MODERN MUMS"

	<u>Rooted cuttings</u>	<u>per 10</u>	<u>per 100</u>
ADORABLE (Lehman, 1956) An outstanding pink garden mum. Early blooming, large flowered salmon-pink. Long strong stems for cutting.		\$1.10	\$9.00

Mum cuttings ready February 15th to June 1st.

Hardy Asters and other perennials ready March 1st to June 1st.

### 35 m.m. COLORED SLIDES

Nurserymen and florists are often asked by local Garden Clubs to provide programs. Such appearances are excellent sales and good will builders and should be made if at all possible. The most popular program is one which includes colored slides or movies. We have a number of sets of colored slides of Mums and other perennials which we have been loaning to garden clubs for several years. We now have enough sets so that we can offer them to fellow nurserymen for use at club meetings on a limited scale. The only cost to you is the postage. Please make requests well in advance of desired showing date in order to avoid disappointment.

### TERMS OF SALE

1. Cash with order please - unless credit arrangements are made prior to shipment. No C.O.D. orders, please.
2. Early Orders - Orders for cuttings accompanied by cash which allow us two months in which to make delivery are subject to a 10% discount. For example, if cuttings are required March 15th and order reaches us by January 15th, you may deduct 10% from amount. This does not apply to field plants.
3. Minimum quantity - 10 of a kind - 25 take 100 rate.
4. Minimum order - \$4.00.
5. Shipments made by express F.O.B. Lincoln, Nebr., unless otherwise stipulated. We recommend parcel post, special handling for small orders because of high minimum express charge. Please make additional remittance for postage, any excess will be refunded immediately after shipment is made.
6. Our responsibility ends with delivery of plants in good condition to forwarding agency. In the event, however, of poor shipment, please notify us at once and file report with express agency.

## HARDY ASTERS

A splendid plant group which is becoming increasingly popular for the modern varieties listed below are much improved over older sorts. Order early to avoid disappointment.

	<u>Rooted cuttings</u>	<u>per 10</u>	<u>per 100</u>
